EXPERIENCE

Amazon Web Services (AWS)

Solutions Architect

October 2024 – Present

London, United Kingdom

- Technical advisor to 66 EMEA customers, driving \$2.5M ARR with 79% win rate across a \$4.8M pipeline through technical discovery, architecture guidance and POC development.
- Built full-stack GenAI architecture demos on Amazon Bedrock with MCP integrations for AI-native startups; including architecting Pick-MyCall's production voice agent for Roojoom on Amazon Nova Sonic, cutting response latency by 82% in under 2 weeks (published).
- Designed and delivered 20+ technical sessions at AWS EMEA events (Stockholm Dev Day, London Summit, GenAI & Data Day) reaching 500+ attendees on GenAI, RAG and agentic architectures for production.
- Identified 35%+ cost reduction opportunities across logistics, POS and consultancy clients through database & VM rightsizing, usage optimisation and S3 Intelligent-Tiering.

Salesforce - Tableau

Sales Programs and Strategy Associate

September 2023 – June 2024

Madrid, Spain

- Redesigned sales plays platform through discovery interviews with 30+ EMEA AEs and C-level collaboration at Seattle HQ; built Tableau CRM dashboards delivering forecasting, pipeline analytics and renewal insights to 300+ account executives.

Self-Directed Investor

Self-Directed Investor

September 2025 – Present

- Manage a discretionary multi-asset portfolio with full responsibility for strategy, execution and risk across 60+ positions spanning equities, fixed income, commodities and digital assets.
- Top-down factor-based framework combining UCITS smart-beta ETFs (core) with satellite exposure in precious metals, emerging markets, and European infrastructure.

VML (WPP Group)
